DESCRIPTION Back to top

7" EX6 Aluminum Casting Square

Crescent's full line of squares is ideal for the professional tradesmen who get the job done at all costs, with longevity and an investment in their craft. Equipped to perform in a variety of environments, CRESCENT squares allow you to easily complete multiple tasks. And with advanced design features that provide durability and maximum functionality, CRESCENT squares outlast the elements. In grit, dust or tough territory—there's a square for your unique application.

FEATURES Back to top

- 6-inch foldout extension arm eliminates the need for a 7-inch and 12-inch square
- Quick-access thumb lock releases the foldout extension and locks it back into place after use
- Solid aluminum construction and corrosion-resistant finish for durability
- Laser-etched markings for visibility and durability
- Lightweight and easy to store in your work pouch or pocket

Overview

Solid aluminum construction is only the beginning. An original in its category, Crescent's Ex6 layout square delivers 2-in-1 capabilities, making woodworking and framing simpler. The Ex6 eliminates the need to carry a 7-inch and 12-inch square and acts as a continuous edge for scribing and marking large scale lumber. Laser-etched markings add another level of efficiency, increasing visibility and significantly reducing signs of wear and tear. When you've finished a task, the tool conveniently folds to fit comfortably in a pocket or work pouch. A practical locking mechanism holds the foldout extension securely for transport. With all the elements of a standard layout square and high-performing additions, the Ex6 is sure to be an essential tool that trades professionals take wherever they go.

Features

- 6-inch foldout extension arm eliminates the need for a 7-inch and 12-inch square
- Quick-access thumb lock releases the foldout extension and locks it back into place after use
- Solid aluminum construction and corrosion-resistant finish for durability
- Laser-etched markings for visibility and durability
